

Suggested revision of last paragraph of Celler letter.

There is no information in the files of the Central Intelligence Agency which has a bearing on H. Res. 920 or the points covered by Representative Gerald Ford in his statement on the floor of the House of Representatives on April 15, 1970. This is to be expected, as it is our policy not to concern ourselves with United States citizens, either at home or abroad, unless they are specifically involved in some activity directly related to the foreign intelligence field.

Sincerely,

Richard Helms  
Director

<b>Remarks:</b>  <p style="margin: 10px 0;">The Memorandum for the Record looks good to us. I have attached a suggested revision of the last paragraph of the letter along the lines of Jack's suggestion that we be more specific. With the change in the first sentence, perhaps the last one can be omitted.</p> <div style="border: 1px solid black; height: 20px; width: 200px; margin: 10px auto;"></div>
